Photography in all coverage's is a mixture of candid as it happens journalistic moments and traditional poses. Each event is custom tailored but general starts at home and continues through the ceremony, park and start reception until seating for dinner for the B, C, D. Four to six hours coverage time is typical. Evening coverage is an optional extra. The A coverage extends to approximately ten hours. Engagement sessions are taken at one of several London parks with online proofing. Alternate engagement locations are possible but might require travel charges.

Proofing. The number of photographs taken varies but is usually in the 400 range with the B, C, and D coverage, and 600 for the A. The proofs are ready a week or two week after the wedding although this can vary with workload. Duplicate set of proofing is available. Proof front is unmarked with file number on back.
